### REGISTERS

#### BAPTISMS, MARRIAGES, BANNS, BURIALS

The parish of Steeple Barton, in North Oxfordshire, adjoins the parish of Westcote Barton, and the two parishes have intermixed boundaries.

Middle Barton, the central area where most of the people live, is not a parish. Most of its houses are in the parish of Steeple Barton but many of the inhabitants attend the nearer Westcote Barton church.

Registers, up to the end of 1995, have been transcribed by Audrey Martin who is grateful to the Rev Anthony W Davies, Vicar of Steeple Barton, for permission to withdraw the registers for this purpose.

Transcripts by Brigadier F R L Goadby (baptisms to 1853, marriages to 1837 and burials to 1868) have been checked with the registers and some amendments made. Alterations are noted in an appendix.

### 1 Registers

The earliest Register is missing and the first extant volume is parchment 13½" x 10½" containing Baptisms 1678 to 1801, Marriages 1695 to 1753, and Burials 1678 to 1812. Baptisms are continued to 1812 in another parchment book 15" x 9½", and the remaining volumes are of the usual statutory form. There are gaps in the entries, some of which have been filled from the Bishop's Transcripts.

Except for periods during which the entry in the registers was left to the parish clerk, they are well kept and legible, though volume I requires rebinding. Baptisms, Marriages and Burials are kept separate, though each has at least three different start points.

### 2 Burials in Woollen

From 1678 to 1685, the Burial records include the informant and the Justice before whom the 'burial in woollen' was sworn, as well as the names of the witnesses. From 1695 to 1699 'Affidavit Received' or just 'Aff' was entered.

### 3 Briefs

The list of 'Briefs' starts with 1681 and is fairly continuous from 1707 to 1744.

### 4 Incidence of Mortality

A relatively high number of Burials are recorded for 1696 (14), and 12 each in 1705, 1742, and 1766. 19 were buried in 1801 and in 1824, while the figure rose to 23 in 1832, 1854, 1858 and to 24 in 1867. No explanation is entered in the registers.

### 5 Quakers

A few Quaker burials at Adderbury are recorded between 1695 and 1713, when certificates of burial in woollen had to be submitted to the local Minister.

### 6 Gypsies

There are a few entries of baptism and burial between 1786 and 1800 for 'people commonly called Gypsies', and in one case for an 'Egyptian'.

### 7 Parish Affairs

The Registers are unusually silent about church or parish affairs. There is a copy of the 1831 Census Return extracted from the printed document, and the following entries.

a) Memorandum yt ye Accre now in ye possession of Wm Busby of Westcot Barton lying on ye outside of Snitemore next unto Sandford Field is by him held in exchange for an Accre of his lying in Southfield over Woodstock Way one end whereof abutteth into Tho Clark's Hade Accre & ye other into ye Parsonage ditch of Glympton, which exchange was allotted by Inhabitants of Westcot Barton & Midle Barton out of their Waste, for their own proper convenience, & allowed to continue so exchanged for ye terme of Twenty years from ye date hereof, with ye consent of both parties Witness our hands May ye first 1704

William Busby

Edw: Cockson Vicar.

[Note: there is a similar entry in the Westcote Barton Register in the same handwriting.]

b) Recd 10 of Feb 1766 of Mr Joseph Ash thirteen shillings and four pence being a mortuary due to the Rector for the Death of his Father Joseph Ash  
by me Thos Gregory Curate.

c) Recd 8 of June 1766 of Mary Haynes thirteen shillings and four pence being a Mortuary due to the Rector. For the Death of her Husband William Haynes  
by me Thos Gregory

These were royal mandates for the collection of money for various deserving causes. The brief was read out during a service and the collection taken as the congregation left the church. Details of the briefs and the amounts collected are recorded in the first volume of registers

The register was signed by the following people when they took the collection

These persons were buried in one grave. Jane Watts, the mother, in consequence of a slight quarrel with her husband, she enticed the children into Blenheim Park where, from the West side of the great Bridge, she drowned the three children & herself. In consequence of fits, she was subject at times to a mental derangement. They were missing three days before their bodies were found.
